NUEVA ECIJA UNIVERSITY OF SCIENCE AND TECHNOLOGY HISTORICAL BACKGROUND

The Nueva Ecija University of Science and Technology (NEUST) started in June, 1908 a vocational course at the Wright Institute in San Isidro, Nueva Ecija where young Filipinos were trained in woodworking and basic telegraphy. Said vocational course lasted until SY 1927-1928 when the general secondary school was transferred to Cabanatuan City.

However, on June 9, 1929, the school continued its operation in San Isidro, under a new name, Nueva Ecija Trade School (NETS) with woodworking as the vocational course offered in addition to the existing secondary curriculum inherited from the Wright Institute.

To meet the increasing demand for vocational education in the whole province, the trade school was transferred on June 7, 1931, to Cabanatuan City. Enrolment increased; however, the program was interrupted in December 1941 by the outbreak of the Second World War in the Pacific.

Immediately after the war, the trade school was reopened on September 6, 1945. Rehabilitation program took place. The trade school continued with its mission of meeting the vocational and manpower needs of students coming from both Nueva Ecija and the nearby provinces. On June 8, 1948, a course in dressmaking was opened and female students were admitted in the School. A few years later, food trades and cosmetology courses were also offered.

On May 8, 1953, the NETS was converted into the Central Luzon School of Arts and Trades (CLSAT) by virtue of Republic Act No. 845. CLSAT was recognized as a center of manpower/vocational training for both youths and adults not only in the province but also in the whole Region III.

Series of developments continued until the CLSAT was converted into the Central Luzon Polytechnic College (CLPC) by virtue of Republic Act No. 3998 which was signed on June 18, 1964 by then President Diosdado Macapagal.

Thirty-four years later, the CLPC, under the leadership of President Gemiliano C. Calling, was converted into a specialized university, the Nueva Ecija University of Science and Technology by virtue of Republic Act. No 8612. The Bill converting CLPC into NEUST upon approval by both houses of congress was forwarded to the Office of President Fidel V. Ramos on February 24, 1998 and lapsed into law on March 27, 1998.

The University therefore, ensures that the requirements of business, industry, services and other sectors as well as the needs of the local, regional and national development for high quality professionals and highly skilled middle-level manpower are addressed.

The leadership of Dr. Calling as the first University President ended up when he died on July 5, 2006. The baton of leadership was turned over to Dr. Hilario C. Ortiz as Acting President and then finally, he was formally sworn into office on August 5, 2007 as the Second University President. On August 4, 2011, Atty. Hilario C. Ortiz, Ph. D. was again given another four-year term as University President.

Dr. Feliciana P. Jacoba was appointed as the third University President on February 10, 2016. Dr. Jacoba already made a mark on the history of NEUST as the first Woman President of the University.

I. Mandate:

"The University shall primarily provide advanced instruction and professional training in arts, science and technology, education and other related fields, undertake research and extension services, and provide progressive leadership in these areas" (Sec 2, RA 8612).

"The University shall offer undergraduate, graduate and short-term technical courses within its areas of specialization and according to its capabilities, as the Board of Regents may deem necessary to carry out its objectives, particularly in order to meet the needs of the province and the region" (Sec 3, RA 8612).

II. Vision:

"NEUST is a locally responsive and internationally relevant and recognized University of Science and Technology"

III. Mission:

"To develop new knowledge and technologies and transform human resources into productive citizenry to bring about development impact to local and international communities"

IV. Service Pledge:

We, the officials and employees of the Nueva Ecija University of Science and Technology, commit to:

Accountability and ethics in public service;

Competence in the discharge of our duties and functions;

Continuing professional education and staff development;

Unity in diversity;

Relevant, Result-oriented;

Attentive to the needs of students and other clientele;

Timeliness in the delivery of services;

Evaluate our performances for continuous improvement

Health Services Unit External/Internal Services

1. HEALTH SERVICES

Brief Description of the Service

Students could only learn so much if they are of good physical and mental conditions. Hence, the university must assist them in maintaining such a healthy status. In so doing, in case of contagious disease, attending to one's health condition is likewise protecting others from acquiring the same. Health service therefore is one of the important services being accorded to students as well as personnel by the University in all campuses.
